Stair measurement form

Let’s start with your stairs.

Complete this form and attach stairwell photos.
Send us all the details so that we can prepare
an initial quotation for you.

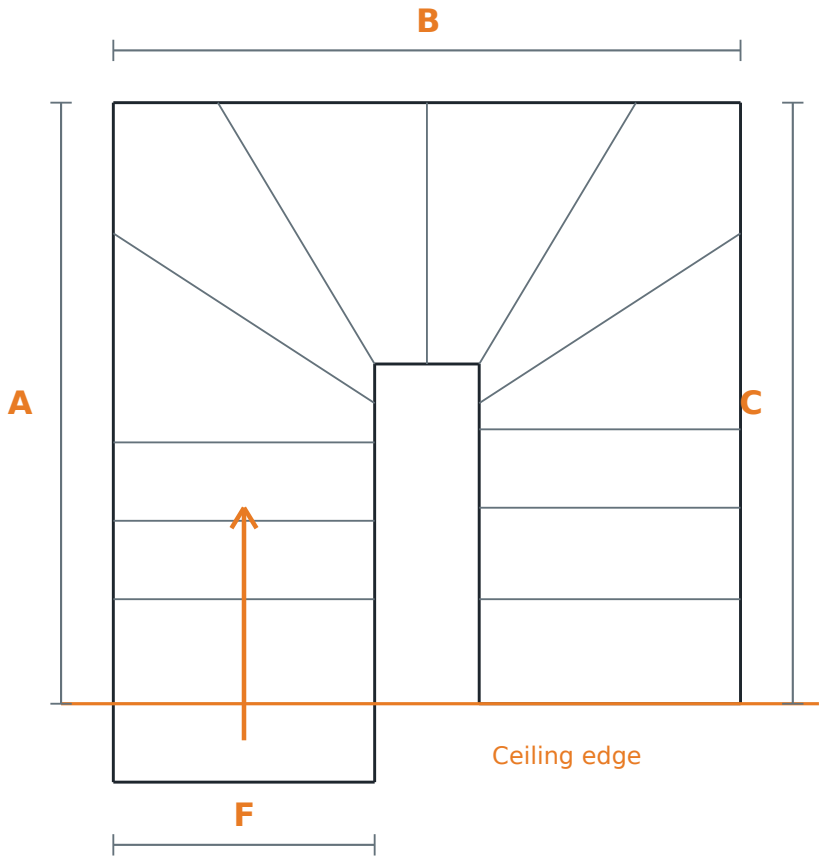

01 Measure the space: A, B, C, D and F.

02 Choose the layout and direction: E.

03 Complete the form and attach photos.

Give all measurements in millimetres.

These measurements are for an initial quotation.

Plan view - illustrative diagram

How to take measurements

A — **Entrance length**
Length of the lower part of the stairwell.

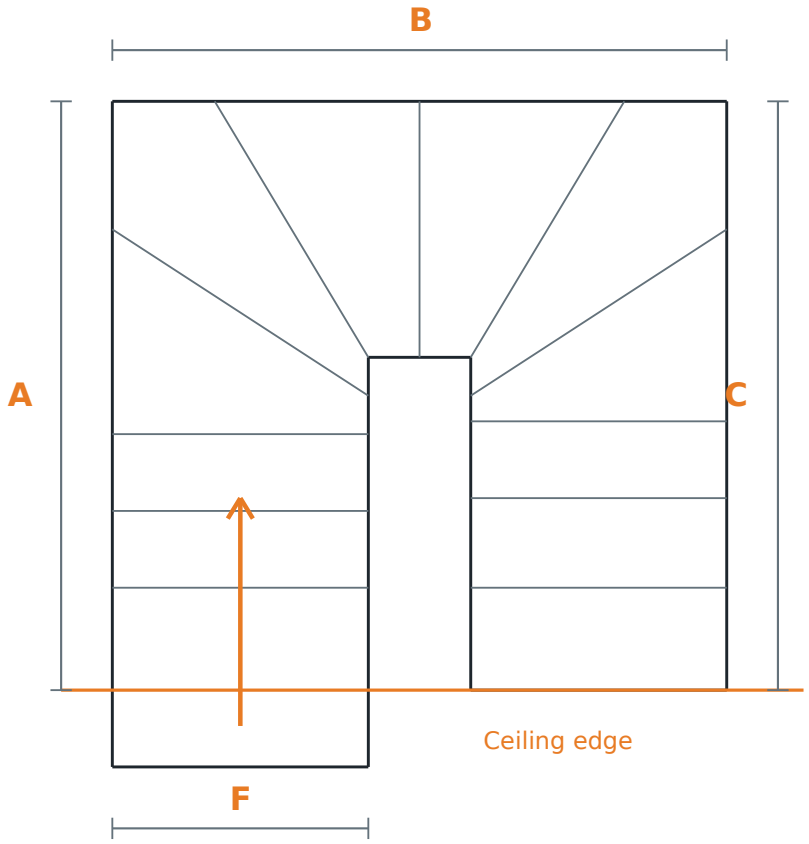

B — **Stairwell width**
Total width of the space for the stairs.

C — **Exit length**
Length of the upper part of the stairwell.

D — **Floor-to-floor height**
From the finished lower to the finished upper floor.

E — **Stair layout and direction**
Straight, L- or U-shaped winders; left or right turn.

F — **Planned stair width**
Required usable width of the flight.

Plan view - illustrative diagram

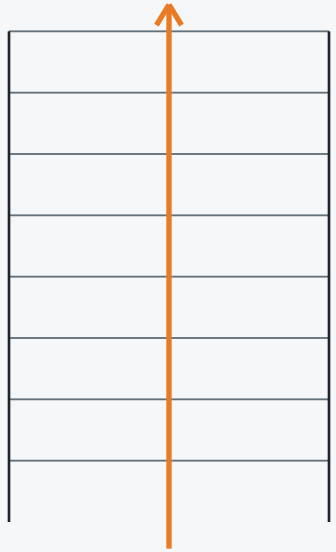

If floors are unfinished, note the planned finishing thicknesses in the comments.

CHOOSE THE LAYOUT

Stair layout and direction

Determine the turn direction looking up the stairs from the bottom.

STRAIGHT

One flight, no turn.

L-SHAPED - LEFT

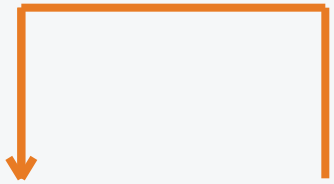

Start at the bottom of the diagram

L-SHAPED - RIGHT

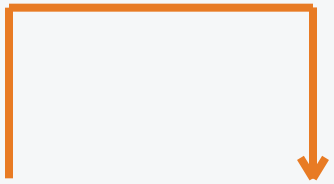

Start at the bottom of the diagram

U-SHAPED - LEFT

Start at the bottom of the diagram

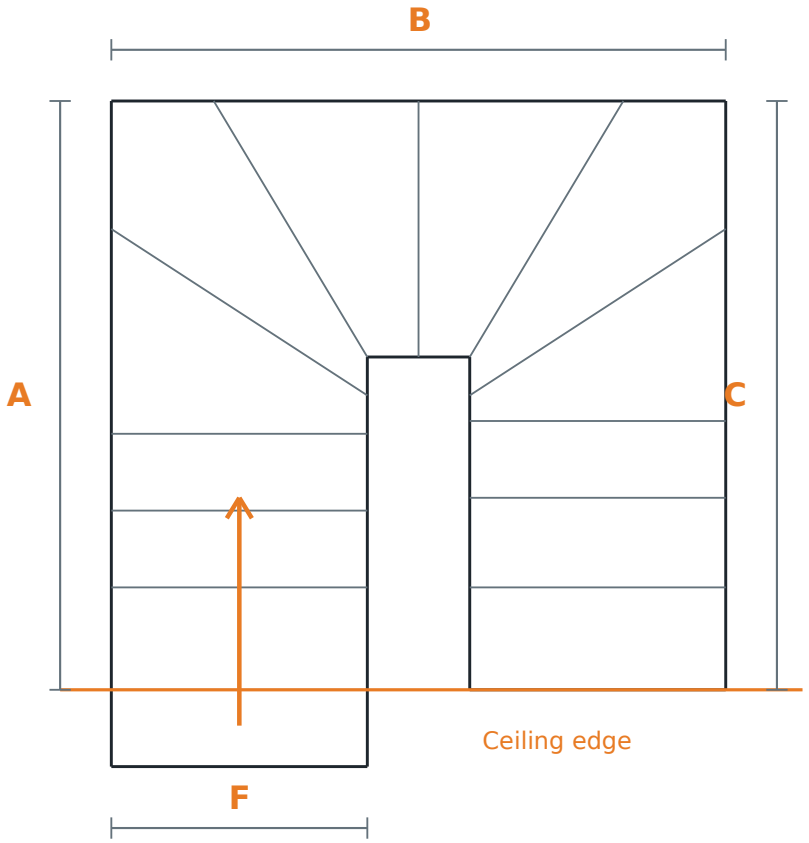

U-SHAPED - RIGHT

Start at the bottom of the diagram

EXAMPLE

How to complete the form

Plan view - illustrative diagram

A	Entrance length	**2120 mm**
B	Stairwell width	**1980 mm**
C	Exit length	**1800 mm**
D	Floor-to-floor height	**3000 mm**
E	Layout / direction	**U-shaped - right**
F	Stair width	**800-900 mm**

Example values, not recommendations.

Enter the actual dimensions of your stairwell.

DIMENSIONS IN MILLIMETRES

A - entrance

B - stairwell

C - exit

D - height

F - width

E - layout and direction (e.g. U-shaped - right)

Floor finish thickness / construction stage

Comments, preferences and additional details

Save the completed PDF and email it with photos to biuro@mrsteel.pl.

NEXT STEP

Send your form and photos

What should you attach?

- ☐ The stair entrance from the lower floor.
- ☐ The stair exit on the upper floor.
- ☐ The whole stairwell and ceiling opening.
- ☐ Any obstacles, services and important details.

Unable to determine a dimension?

Mention this in the comments and attach a photo.

We'll help you identify any other details needed.
