MR. STEEL

STAIRS

SINCE 2018

CONTENTS

Choose a structure

01 **Zetka 50** — 03
Structural profile 5 × 5 cm

02 **Zetka 50 with steel risers** — 07
5 × 5 cm profile / steel risers

03 **Zetka 80** — 10
Structural profile 8 × 4 cm

04 **Profile central stringer** — 14
Projects and structural detail

05 **HEB central stringer** — 18
Project gallery

06 **Laser-cut steel plate** — 19
Project gallery

07 **Hot-rolled steel channel** — 23
Structure and projects

08 **Galvanised outdoor stairs** — 28
Outdoor structures

09 **Concrete stair cladding** — 31
Cladding and trim

10 **Wooden treads** — 36
Oak, ash and temporary OSB treads

11 **Steel treads** — 41
WEMA grating and chequer plate

Stair trim

Trim above the stairs

Trim below the stairs

Wooden treads

OAK AND ASH

Wooden treads in AB, BB and retro grades.

ASH - LIGHT AND DISTINCTIVE

Resilient and impact-resistant.
Light colour with contrasting grain.

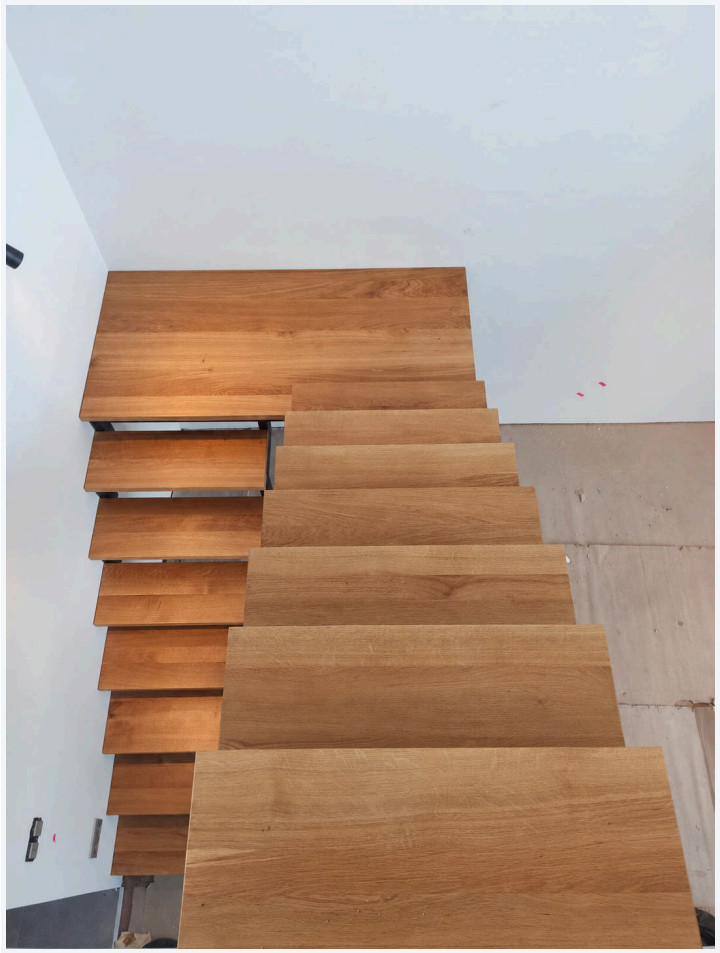

OAK - WARM AND CLASSIC

Stable and resistant to wear.
Golden tones and a subtle grain.

* Temporary OSB treads are also available.
